Tools — Figma, Framer, Rive, Miro, FigJam, Notion, Adobe Illustrator, Adobe Photoshop

Process — Agile, Scrum, UX Research, Usability Testing, Developer Handoff, Cross-functional Collaboration, System Thinking, Documentation, Design Thinking, UX Process

I'm a **UI/UX Designer** with 3.5 years of experience creating simple, engaging, and user-friendly digital products. Along with design, I bring skills in **graphic design** and **social media marketing**, which help me connect creativity with brand presence. I enjoy turning ideas into designs that not only look good but also make the experience smooth and meaningful for users.

Projects

Vision AI

An android application proposed for Visually impaired and blind people

Professional Experience

Sustainainabilityeconomics.ai, *UI/UX Designer* [↗](#)

05/2023 – Present | Bangalore

- Led design for core products: CLEM, CLEM.ai, Carbon Accounting Tool, and Physical Risk Explorer, Greenfund.ai.
- Designed dashboards and workflows for energy mix simulation, emissions reporting, and risk mapping.
- Improved modelling accuracy and reduced input errors using error prevention based on Nielsen heuristics.
- Took ownership of CLEM, which was presented at NYC Climate Week, 2024.
- Conducted UI reviews with frontend engineers to ensure accurate and accessible implementation.
- Collaborated with domain experts (engineers, economists, GIS scientists) to convert complex data into clear, user-focused interfaces, data-informed visual experiences, and responsive and reusable components.
- Took ownership of hiring, onboarding, and mentoring designers.

Stead.global, *UI/UX Designer* [↗](#)

04/2022 – 04/2023 | Bangalore

- Led design for **tack.one** [↗](#), **kipe.co** [↗](#), and **Xawna real estate platform**.
- Collaborated within a team of **12+ designers** at *Stead*, a design studio.
- Worked on diverse products across industries, including **fintech, fashion, kiosks, time tracking tools, CRM platforms, and LMS solutions**.
- Created designs that were **simple, engaging, and adaptable** to different industries and user needs.
- **Handled social media marketing**, including strategy and content design, to strengthen brand presence.

Adventure Voyage, *Design And Marketing Head*

06/2018 – 09/2021 | Calicut, Kerala

- Worked on **marketing strategies** to support brand growth.
- **Managed social media presence**, ensuring consistent and engaging communication.
- Designed **graphics and posts** that enhanced outreach and user engagement.
- Gained experience in **creating travel itineraries** tailored to customer needs.
- Assisted in **planning and conducting travel events** to improve customer experience.
